Living in Style Mallorca (Styleguides) Christine von Auersburg

Given the Spanish royal family's seal of approval as a vacation spot, Mallorca is one of the loveliest Mediterranean locations. With its aquamarine coves, winding roads, and fine white-sand beaches, it's no wonder people from around the globe have chosen to build exceptional homes here. The properties featured represent the diversity of architecture from traditional fincas to more modern styles. You'll marvel at these residences, which, whether formal or casual in feeling, all seem to embody a unique sensibility. Each of these world-class interiors is awe-inspiring yet inviting at the same time. The freewheeling island spirit is seen in both the subtle interplay of light and colour as well as some distinctive choices of materials.
