### A Series of Unfortunate Events (en anglais), Book 4 : The Miserable Mill Lemony Snicket

of A Series of Unfortunate Events but misery and despair. You still have time to choose another international best-seller to read. But if you must know what unpleasantries befall the charming and clever Baudelaire children read on...There are many pleasant things to read about, but The Miserable Mill contains none of them. Within its pages one will find a giant pincher machine, a bad casserole, a man with a cloud of smoke where his head should be, a hypnotist, a terrible accident and coupons. With 5 million copies sold in the UK alone, one might consider Lemony Snicket's A Series of Unfortunate Events to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake.

---

I have promised to record the entire history of these poor children, but you haven't, so please feel free to make another selection. With all due respect, Lemony Snicket

Quatrième de couverture

As the Baudelaire orphans look out the grimy window of the train taking them to the Lucky Smells Lumbermill to live, they can't help but wonder what lies ahead. For Violet, who is an inventor, perhaps there will be machines to observe. Machines that saw wood can be very interesting, even though in the wrong hands they can be the cause of ghastly accidents. And for Klaus, who enjoys reading immensely, perhaps there will be a library. Information found in a book can be very useful. Especially if an evil doctor is lurking about. And for Sunny, who likes nothing better than to bite things with her four sharp teeth, perhaps there will be bark to chew. It is important to keep teeth sharp when someone close by may be hiding a sword. As the train pulls into the station, one thing is certain: The unlucky Baudelaire orphans had best keep their teeth, wits, and minds sharp, for whatever awaits them at the mill may well be the deadliest in a series of unfortunate events.

Biographie de l'auteur

Lemony Snicket had an unusual education which may or may not explain his ability to evade capture. He is the author of the 13 volumes in A Series of Unfortunate Events, several picture books including *The Dark*, and the books collectively titled All The Wrong Questions.
